TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10000

REGULATIONS GOVERNING ADDITIONAL COMPENSATION AND CREDIT GRANTED CERTAIN EMPLOYEES OF THE FEDERAL GOVERNMENT SERVING OUTSIDE THE UNITED STATES

By virtue of the authority vested in me by section 207 of the Independent Offices Appropriation Act, 1949, approved April 20, 1948 (Public Law 491, 80th Congress), as amended by section 104 of the Supplemental Independent Offices Appropriation Act, 1949, approved June 30, 1948 (Public Law 862, 80th Congress), and by sections 303, 443, and 853 of the Foreign Service Act of 1946 (60 Stat. 1002, 1006, 1024), and as President of the United States, I hereby prescribe the following regulations: (1) governing the payment of additional compensation to personnel of the United States employed outside the continental United States or in Alaska, under the provisions of the said section 207, as amended, (2) governing the payment of salary differentials to Foreign Service staff officers and employees serving at certain posts, pursuant to the said section 443, and (3) relating to unhealthful foreign posts, pursuant to the said section 853:

PART I—ADDITIONAL COMPENSATION IN FOREIGN AREAS

SECTION 101. Definitions. As used in this Part, (a) the words "foreign areas" mean all areas exclusive of (1) the forty-eight states of the United States, (2) the District of Columbia, and (3) Territories as defined in section 201 of this order, and (b) the words "section 207 of the Act" mean section 207 of the Independent Offices Appropriation Act, 1949, approved April 20, 1948, Public Law 491, 80th Congress, as amended by section 104 of the Supplemental Independent Offices Appropriation Act, 1949, approved June 30, 1948, Public Law 862, 80th Congress.

Sec. 102. Additional Compensation by reason of environment. The Secretary of State shall from time to time, subject to applicable law, (a) designate places in foreign areas having conditions of environment which differ substantially from conditions of environment in the

Additional compensation so fixed is hereafter in this Part referred to as "foreign post differential."

The Secretary of State may establish a foreign post differential for any place when, and only when, the place involves any one or more of the following: (a) extraordinarily difficult living conditions, (b) excessive physical hardship, or (c) notably unhealthful conditions.

SEC. 104. Agencies covered. Subject to the provisions of section 207 of the Act and of this Part, every executive department, independent establishment, and wholly owned Government corporation shall pay a foreign post differential fixed under section 102 hereof to each of its employees whose basic compensation is fixed by statute and who is located at the post for which that differential has been fixed.

(2) Persons employed locally but (a) who were originally recruited from the United States and have been in substantially continuous employment by other Federal agencies, United States firms, interests, or organizations, international organizations in which the United States Government participates, or foreign governments, and whose conditions of employment provide for their return transportation to the United States, or (b) who were at the time of employment temporarily absent from the United States for purposes of travel or formal study and maintained residence in the United States during such temporary absence. When used in a geographical sense in section 105 (b) hereof, "United States" includes the areas included

within the definition of Territories as set forth in section 201 hereof.

(3) Persons who are not normally residents of the area concerned and who are discharged from the military service of the United States in such area to accept employment therein with an agency of the Federal Government.

SEC. 106. Payment of foreign post differentials. (a) The following shall govern the payment of foreign post differentials under this Part:

(1) Payments shall begin as of the date of arrival at the post on assignment, transfer, or detail and shall stop as of departure from the post for separation, transfer, or detail, except that in case of local recruitment such payments shall begin and stop as of the beginning and end of employment.

(2) Payments to persons serving on a part-time basis shall be prorated to cover only those periods of time for which such persons receive basic compensation.

(3) Payment shall be made for all periods of sick leave and annual leave taken during the period covered under item (1) above and for transit time authorized for purposes of leave so taken.

(4) Payment shall not be made for any time for which an employee does not receive basic compensation.

(b) Foreign post differentials paid under this Part shall not be included in the base used in computing overtime pay, night differential, holiday pay, and retirement or cost-of-living allowances.

SEC. 107. Persons serving under contract. Any other provision of this Part notwithstanding, any person who would otherwise be eligible to receive a foreign post differential under this Part shall, if he is serving under contract, be compensated according to the terms of such contract for the period thereof and shall, during such period, be ineligible to receive a foreign post differential.

SEC. 108. Periodic review. The Secretary of State shall periodically, but at least annually, review the places designated, the rates fixed, and the regulations prescribed pursuant to section 102 hereof, with a view to making such changes therein as will insure that the payment of additional compensation under the provisions of this Part shall continue only during the continuance of conditions justifying such payment and shall not in any instance exceed the amount justified.

SEC. 109. Additional living cost compensation. No executive department, independent establishment, or wholly owned Government corporation shall pay, pursuant to section 207 of the Act, additional compensation to any employee located in any foreign area by reason of living costs which are substantially higher than those in the District of Columbia: *Provided*, That this section shall not be construed to prevent any payment under section 204 of said Independent Offices Appropriation Act, 1949, or under other appropriate authority.

PART II—ADDITIONAL COMPENSATION IN TERRITORIES

SEC. 201. Definition. As used in this Part, (a) the word "Territories" means

Alaska, Hawaii, the possessions of the United States, the Trust Territory of the Pacific Islands, and such additional areas located outside the continental United States as the Secretary of State shall designate as being within the scope of the provisions of this Part, and (b) the words "section 207 of the Act" have the meaning set forth in section 101 hereof.

SEC. 202. Additional compensation by reason of environment. The United States Civil Service Commission shall from time to time, subject to applicable law, (a) designate places in Territories having conditions of environment which differ substantially from conditions of environment in the United States and warrant additional compensation as a recruitment incentive, (b) fix for each such place the additional rate or rates of compensation to be paid by reason of such environment pursuant to section 207 of the Act, after giving due consideration to the degree of environmental difference, and (c) prescribe such further regulations, governing such compensation, as may be necessary. Additional compensation so fixed is hereafter in this Part referred to as "Territorial post differential."

SEC. 203. Basis for Territorial post differential. The Civil Service Commission may establish a Territorial post differential for any place in the Territories when, and only when, the place involves any one or more of the following: (a) extraordinarily difficult living conditions, (b) excessive physical hardship, or (c) notably unhealthful conditions.

SEC. 204. Persons eligible to receive Territorial post differential. (a) In order that an employee be eligible to receive a Territorial post differential under this Part, (1) he shall be a citizen or national of the United States, (2) his residence in the place to which the Territorial post differential applies, at the time of receipt thereof, shall be fairly attributable to his employment by the United States, and (3) his residence at such place over an appropriate prior period of time must not be fairly attributable to reasons other than employment by the United States or by United States firms, interests, or organizations.

(b) Subject to the provisions of section 204 (a) hereof, the classes of persons eligible to receive the Territorial post differentials fixed pursuant to section 202 hereof shall include:

(1) Persons recruited or transferred from outside the area concerned.

(2) Persons employed in the area concerned but (a) who were originally recruited from outside such area and have been in substantially continuous employment by other Federal agencies, contractors of Federal agencies, or international organizations in which the U. S. Government participates, and whose conditions of employment provide for their return transportation to places outside the area concerned, or (b) who were at the time of employment temporarily present in the area concerned for purposes of travel or formal study and maintained residence outside such area during the period so present.

(3) Persons who are not normally residents of the area concerned and who are discharged from the military service of the United States in such area to accept employment therein with an agency of the Federal Government.

SEC. 205. Additional living cost compensation. (a) The United States Civil Service Commission shall from time to time, subject to applicable law, (1) designate places in the Territories where it determines that living costs are substantially higher than in the District of Columbia, (2) fix for each place so designated an additional rate or rates of compensation to be paid by reason of such higher living costs pursuant to section 207 of the Act, and (c) prescribe such further regulations, governing such compensation, as may be necessary. Additional compensation so fixed is hereafter in this Part referred to as "Territorial cost-of-living allowance."

(b) The Civil Service Commission shall, (1) in designating places under section 205 (a) hereof, consider the relative consumer price levels in the area and in the District of Columbia, and give due consideration to the differences in goods and services available and to the manner of living of persons employed in the areas concerned in positions comparable to those of United States employees in the areas, and (2) in fixing the Territorial cost-of-living allowance pursuant to such subsection, make appropriate deductions when quarters or subsistence, commissary or other purchasing privileges are furnished at a cost substantially lower than the prevailing local cost.

SEC. 206. Coordination. The Civil Service Commission shall define the extent to which and the conditions under which an employee serving within the Territories may receive both a Territorial post differential and a Territorial cost-of-living allowance, pursuant to section 207 of the Act. In carrying out its functions under this Part the Commission may take due notice of any special allowances, other than under section 207 of the act, granted to personnel employed by the United States in Territories.

SEC. 207. Agencies covered. Subject to the provisions of section 207 of the Act and of this Part, every Executive department, independent establishment, and wholly owned Government corporation shall pay (a) a Territorial post differential fixed under section 202 hereof to each of its employees whose basic compensation is fixed by statute and who is located at the post for which that differential has been fixed, and (b) a Territorial cost-of-living allowance fixed under section 205 hereof to each of its employees whose basic compensation is fixed by statute and who is located at the post for which that allowance has been fixed.

SEC. 208. Payment of Territorial post differentials and cost-of-living allowances. (a) The following shall govern the payment of Territorial post differentials and Territorial cost-of-living allowances under this Part:

(1) Payments shall begin as of the date of arrival at the post on assignment,

transfer, or detail and shall stop as of departure from the post for separation, transfer, or detail, except that in the case of local recruitment such payments shall begin and stop as of the beginning and end of employment.

(2) Payments to persons serving on a part-time basis shall be prorated to cover only those periods of time for which such persons receive basic compensation.

(3) Payment shall be made for all periods of sick leave and annual leave taken during the period covered by item (1) above and for transit time authorized for purposes of leave so taken.

(4) Payment shall not be made for any time for which an employee does not receive basic compensation.

(b) Territorial post differentials paid shall not be included in the base used in computing overtime pay, night differential, holiday pay, and retirement deduction.

SEC. 209. *Persons serving under contract.* Any other provision of this Part notwithstanding, any person who would otherwise be eligible to receive a Territorial post differential or a Territorial cost-of-living allowance under this Part shall, if he is serving under a contract, be compensated according to the terms of such contract for the period thereof and shall, during such period, be ineligible to receive said differential and allowance.

SEC. 210. *Periodic review.* The Civil Service Commission shall periodically, but at least annually, review the places designated, the rates fixed, and the regulations prescribed pursuant to this Part, with a view to making such changes therein as will insure that payment of additional compensation under the provisions of this Part shall continue only during the continuance of conditions justifying such payment and shall not in any instance exceed the amount justified.

SEC. 402. *Salary differentials.* Foreign Service staff officers and employees at the posts referred to in section 401, above, shall, while such posts remain Foreign Service differential posts, be paid additional compensation in the form of salary differentials at 5 percent, 10 percent, 12½ percent, 15 percent, 20 percent, and 25 percent of the basic salary rates of the staff corps pay schedule, in accordance with such regulations as the Secretary of State may prescribe.

Chapter II—Production and Marketing Administration (Commodity Credit)

PART 281—DRIED FRUIT

STATEMENT OF POLICY

The Commodity Credit Corporation (hereinafter referred to as CCC) will purchase dried fruit during the period September 1, 1948 through June 30, 1949, up to a maximum quantity which may approximate 200,000 tons. The quantity of dried apples, apricots, figs (in whole, sliced or paste form), peaches, pears, prunes and raisins which may be purchased, will depend on the total available supply of each fruit and the extent of demand for it in commercial trade channels.

Processors of certain dried fruits may be required to pay producers or industry organizations administering pools, not less than specified minimum prices for natural condition dried fruit used in processing the quantity of packed fruit delivered to CCC. Should CCC purchase natural condition fruit from producers or such pools, an announced price basis will be used.

All fruit purchased will be U. S. Grade C or better as specified in the U. S. Standards for Grades of the various processed dried fruits, except that if CCC should purchase fig paste, processed peach slabs or fruit in natural condition form, the minimum grades of these items will be determined by the Manager, CCC. The dried fruit purchased will be used as assistance to and for relief feeding in foreign countries, and for school lunch and institutional feeding in this country.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Grapefruit Reg. 100]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.397 *Grapefruit Regulation 100—(a) Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR and Supps., Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., September 20, 1948, and ending at 12:01 a. m., e. s. t., October 4, 1948, no handler shall ship:

(i) Any grapefruit of any variety, grown in the State of Florida, which grade U. S. No. 2 Russet, or lower than U. S. No. 2 Russet;

(ii) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida which are of a size smaller than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(iii) Any pink seeded grapefruit grown in the State of Florida which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(iv) Any seedless grapefruit of any variety, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, "handler" and "ship" shall have the same meaning as is given to each such term in said amended marketing agreement and or-

TITLE 47—TELECOMMUNICATIONS

Chapter I—Federal Communications Commission

[Docket No. 8978]

PART 3—RADIO BROADCAST SERVICES

STANDARD AND FM BROADCAST STATION PERFORMANCE MEASUREMENTS POSTPONED FOR A YEAR

In the matter of amendment of §§ 3.46 and 3.254 of the Commission's rules and regulations.

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 9th day of September 1948.

The Commission having under consideration amendments to §§ 3.46 and 3.254 of its rules and regulations, and

Whereas, on June 16, 1948, the Commission adopted an amendment to said § 3.46 of its rules by adding paragraph (e) thereto providing for the licensee of each standard broadcast station to make equipment performance measurements at yearly intervals, one of which had to be made during the four-month period preceding the date of filing application for renewal of station license; and

Whereas, in said order of June 16, 1948, provision was made that said amendment should be made effective August 1, 1948; and

Whereas, said tests require a frequency run on equipment to determine the fidelity characteristics and measurements of distortion and noise level; and

Whereas, such tests would involve the use of equipment not now required as part of each standard broadcast installation; and

Whereas, it appears to be doubtful whether stations could secure the equipment necessary for such measurements; and

Whereas, on June 16, 1948, the Commission also adopted an amendment to § 3.254 of its rules to become effective on August 1, 1948, providing for the licensee of each FM broadcast station to make equipment performance measurements at similar intervals; and

Whereas, many of the above considerations are applicable in the case of FM broadcast stations; and

It appearing, that it would be desirable to extend the effective date of said

amendments from August 1, 1948 to August 1, 1949; and

It further appearing, that in view of the foregoing, it would not be in the public interest for notice of proposed rule making, in accordance with section 4 (a) of the Administrative Procedure Act, to be published;

It is ordered, that § 3.46 (e) of the Commission's rules and regulations be amended by adding the following footnote:

¹ In view of the fact that it is doubtful whether equipment necessary for certain of the measurements prescribed by this paragraph can be timely obtained, the effective date of this paragraph is extended from August 1, 1948 to August 1, 1949.

It is further ordered, that § 3.254 of the Commission's rules and regulations be amended by adding the following footnote:

¹ In view of the fact that it is doubtful whether equipment necessary for certain of the measurements prescribed by this paragraph can be timely obtained, the effective date of the requirement that the equipment performance measurements be made at yearly intervals is extended from August 1, 1948 to August 1, 1949.

(Secs. 303 (e), (j), 308 (b), 48 Stat. 1082, 1084, sec. 6 (b), 50 Stat. 191; 47 U. S. C. 303 (e), (j), (r), 308 (b))

It is further ordered, that this amendment shall be effective immediately.

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF PERMIT¹

The Commission hereby gives notice that on July 28, 1948, there was filed with it an application (BAP-94) for its consent under section 319 (b) of the Communications Act to the proposed assignment of permit for station KEVT, Kerrville, Texas, from Leonard B. The proposal to assign the permit arises out of an agreement pursuant to which all station assets and properties, including land, buildings, equipment, furniture, etc., will be assigned to Kerr County Broadcasting Company for a cash consideration equal to the actual costs incurred by Leonard B. Brown in obtaining the permit, purchasing equipment, etc., which costs are estimated to be \$65,000. The proposal to assign arises out of a contract of April 30, 1948,

Merwin Dobyns, proposes to assign the license, permit, and certain tangible and intangible assets of the licensee to John Brown Schools of California, Inc. for a total price of \$300,000, of which \$5,000 has been deposited in escrow, \$70,000 is payable upon the closing date, and the balance of \$225,000 is payable at the rate of \$3,500 per month, all unpaid balances to bear 4% interest. STANDARD AND FM BROADCAST STATION
PERFORMANCE MEASUREMENTS

POSTPONEMENT FOR ONE YEAR

SEPTEMBER 10, 1948.

The Federal Communications Commission announced today¹ that it has postponed for one year (from August 1, 1948 to August 1, 1949) the effective date of amendments to §§ 3.46 and 3.254 of its rules which require all Standard and FM broadcast stations to make certain performance measurements at least once a year.

It appears that many Standard and FM broadcast stations are not equipped to make such measurements at this time. Although FM broadcast stations are required to submit such measurements upon making application for license, except where temporarily waived, the amendment imposes a continuing requirement on these stations; it is also a new requirement for Standard broadcast stations which heretofore have not been required to check their performance except in special cases.

¹ See F. R. Doc. 48-8386, under Title 47, Chapter I, *supra*.

By postponing the effective date of the rule for one year, licensees will be afforded ample time within which to purchase the equipment necessary for the tests and for their own engineering personnel to become familiar with the necessary measuring techniques. Although the Commission rules require only one complete set of measurements per year, it should be pointed out that the measurements will probably have to be made much more frequently and that the overall fidelity requirements of Commission rules can be met only when the numerous individual component parts meet the requirements. Where over-all requirements are not met, checks on and adjustments to the individual components will be necessary.

The Commission wishes to emphasize that there has been no change in performance requirements for either FM or Standard broadcast stations. However, licensees are expected to cooperate in corrective action where necessary and in a manner consistent with the particular circumstances involved. Where extensive modification of equipment appears necessary in order to effect compliance, licensees will be permitted a reasonable time in which to take such corrective action.

The Commission expects that by August 1, 1949, through information obtained at the recent informal engineer-

ing conference and through future discussions with the industry, it will have established quantitative standards with respect to permissible values of radio frequency harmonics and other spurious emissions.
